Environmental Education Intern is working with EPCAMR for ten consecutive weeks. Each week EE Intern is working twenty flex hours with twenty hours total consisting of an educational component. These hours count toward the EE Intern's Master's in Environmental Education with Audubon Expedition Institute through Lesley University.

Week 14: April 1st – April 8th

- Attended the PennFuture Watershed Conference in Brandywine with Risa and Rob Andrews and Heather Graham. Gained skills about ordinances and human impacts from development on our watersheds.
- Contacted Gina Malloy, PTA member at Freeland Elementary and Middle School about doing an Earth day program.
- AMD tour to a wetland treatment system and Avondale mine site. Assisted with water testing at different points throughout the treatment system.
- Prepared for visiting Lake Lehman School for Ms. Milford's morning classes.
- Watershed Outreach Coordinator took EEI and WDC to a local stream to give us water testing certification.

Week 15: April 9th – April 15th

- EEI and WDC went to Lake Lehman School to educate two classes totaling about 45 students
- Picked up the chalk block from West-Side Vo-Tech
- Painted the Fossil box lid with EEI's father
- EEI and WDC made tie-dye shirts for Freeland Elementary/Middle School and for donations
- Tested out the chalk block and made some AMD chalk
- Went over fossil lessons

Week 16: April 16th – April 22nd

- Helped with a street cleanup with St. Mary's in Wilkes-Barre
- Went to Hanover to get reimbursement from Ms. Woodeshick for fossil purchases
- Spoke with Gina Malloy about needs for the Freeland Earth day Assembly
- Prepared for Freeland assembly
- Talked with Kate Feissner from EMARR about coming with WDC and EEI to Freeland
- Wrote press release for Freeland Earth day Assembly
- Emailed Carissa from Beltzville State Park about resources for fossil program
- Went to Freeland and presented at an assembly of 2 groups of 500 students
- Attended board meeting at the Agricultural Center in Bloomsburg
- Worked on fossil lid poster

Week 17: April 23rd – April 29th

- Prepared for the meeting with Lee Park 2nd grade teachers by making copies of plans and updating resource lists
- Met with 6 teachers and the principal from Lee Park Elementary for the fossil program in May
- Worked on fossil lesson
- Received order from Nature-Watch for the fossil lesson
- Sent an invoice to Gina Malloy for the Freeland assembly
- Made an EPCAMR qualification sheet of our staff members for others that we do programs for.
- Envirothon at Moon Lake
- Delivered fossil box lid to the office from EEI's father's house
- Scanned invoices for Ms. Woodeshick for fossil program
- Made copies of fossil program for staff
